

INSTALLATION OF FLOATING BLANKETS IN THE PONDS OF THE COSTA BRAVA GOLF CLUB, SANTA CRISTINA D'ARO. (GIRONA. SPAIN)

The vegetated floating blanket restores the margins of the ponds between the two greens in the Costa Brava Golf Club.

The installation of this blankets eliminate the visual impact of the impermeable lining material of the ponds as well as it contribute to the waters quality improvement and increases the landscape integration of the equipment. The indigenous plants introduced in the artificial ponds are: *Iris Pseudacorus*, *Carex vulpina*, *Scirpus holoschoenus* i *Lythrum salicaria*.
